

## Wolcott Planning Commission Minutes

March 7, 2023

Members present: Jim Robert, Bruce Wheeler

Others Present: Meghan Rodier, Salvador Morales (LCPC), Valerie Valcour (Vt. Dept. of Health)

The purpose of this meeting was to review and discuss with the Lamoille County Planning Commission the Health Equity Presentation and the future updating of the Town Plan. However, due to a lack of a quorum, no official actions were taken at this information meeting.

Much discussion involved the Health Equity Presentation, funded by a Health Equity Grant, which has a goal of achieving a more healthy community environment. This will be achieved through planning activities, grants and community involvement.

The town plan update plan and tasks were presented and reviewed, but work will not start until next year.

The meeting ended around 8:15
